BC modular plug for Super Large Diameter 1.6mm Snap-on RJ45 STP, boot, 25 pcs

BC RJ45 modular plug for super large diameter

The BC super large diameter modular plug is designed to terminate Cat6a, Cat7 and Cat8 cable with large diameter (22~23AWG) conductor. The load bar of the BC plug is 1.6mm which is perfectly designed for 1.45mm ~1.55mm inner wires with cable OD up to 9.5mm. Snap-on design, perfect connection for plug and boots. More robust than traditional boots.

Key features

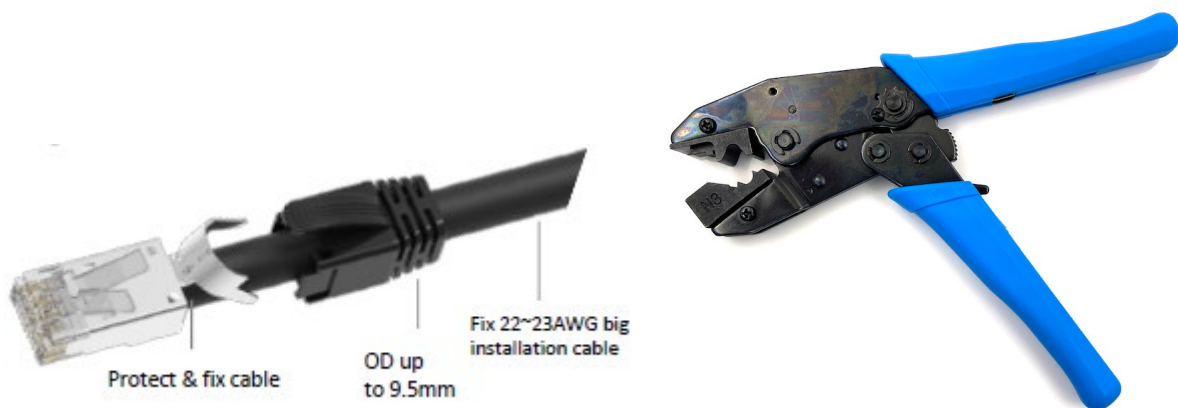

Contact blade	: 50 micron gold plated contact
IDC Wire Gauge	: 22 ~ 23 AWG
Load bar	: 1.6mm
Max cable OD	: 9.5mm
Mating cycles	: 750 times
UL Certification No	: E536274

Other info

Country of origin	: CN
HS code	: 85369012
