

SPT06 hinged splice tray for 12 or 24 fibers

Introducing the revolutionary new splice tray with ease of use and flexibility. Featuring snap out hinge points, interchangeable splice holder, anti rotation points, fiber pick giving total fiber management and splicing control in one product. Due to its accommodating internal dimensions this splice tray is able to comfortably hold 12 heat shrink or 24 metal crimp style splice protectors and accepts 8 or 12 fiber sub units. (easy strip pigtailed must be used with this tray)

Features

- Spacious interior maintains 30mm fiber bend radius and allows storage of 250µm fiber
- Internal management allows multiple fiber routing options including cross over
- Snap in splice holders give the option to use heat shrink or Crimp type splice protectors
- Built in fiber pick can be used to withdraw individual fibers and can be stored in the tray after use
- Will hold up to 12 heat shrink splices or 24 crimp style splice protectors
- (easy strip pigtailed must be used with this tray)
- Supplied with tray hinge to maintain access to splices when stacked
- Transparent lid supplied is fitted with an anti rotation clip
- Cable tie points to secure fiber on entry and exit
- Mountable via central hole, DIN style holes
- Accepts 8 or 12 fiber sub units

Specifications

ELEMENT	VALUE
Width	170mm
Depth	125mm
Height	11.1mm
Net weight	64g
Number of heat shrink positions per tray	12
OrNumber of crimp positions per tray	24
Material	Fire retardant ABS
Colour	RAL7015

ELEMENT	VALUE
Operating temperature	-40°C to +60°C
Designed in accordance with	TIA/EIA 568.C, ISO/IEC 11801, EN50173, IEC60304, IEC61754,
Materials Compliant to	RoHS, Reach/SVHC

Ordering Information

Fiber Splice Tray Heat Shrink / Crimp type	SPT06
