

Part. No: SO-JBMC

Date 19/11-2012

Junction Box ST MM Ex barrier fibre in/out

Wall Box

The SO-JBMC wall box is a new product made for Offshore/Onshore. This product will give a complete fibre solution with fibre barrier and media converter fibre in and out.

This solution is for offshore where the cable is going through an Ex area. According to the standard IEC-60079-28 fibre cable going through an Ex area needs fibre barrier in both ends..

- ▲ Bottom cable entrance
- ▲ Bottom fibre adapters
- ▲ Bottom 230V AC In / 24V DC out
- ▲ Patch cords fibre ST and copper RJ45
- ▲ Multimode ST barrier/Converter

Standards

IEC - 60079 - 28 Explosive Atmospheres

Protection of equipment and transmission systems using optical radiation
