a) GENERALLY

Sohome AS is a company and a supplier that is concerned with the important challenges related to "The Green Shift". In this, we define all relations to the use of Conflict minerals and CO₂ emissions, and the regulations relaunched to SCIP -ECHA- REACH SVHC - LIST 2022 based on decisions dated. 05.01.2022, further the issues of "Green Passport".

Our company sees the basics of "The Green Shift" as essential to creating and maintaining a sustainable society and way of life for all and expects all employees and business partners to understand the need for this.

b) OUTGOING REQUESTS TO SUPPLIER

The registration of this takes place upon request to the individual supplier using the CRMT spreadsheet. This is sent to the individual supplier once every year and must include the products the individual delivers to our company.

The CSM (Chief Supply Manager) must notify the CSO - QM (Chief Security Officer – Quality Manager) when the supplier is to deliver goods that are not covered by this first original request. Supplementary request is then sent to the supplier for these products.

Sohome AS does not accept feedback that only concludes that the conflict minerals in question not being used. We will receive a CRMT showing this.

c) REGISTRATION OF RECEIVED DECLARATIONS OF ANY SORT RELATED TO "THE GREEN SHIFT"

Our CSO-QM is responsible for registering and systematizing incoming data for suppliers. He continuously follows up discrepancies that seem to show up in our system for "The Green Shift", The received registrations must be archived easily accessible to all employees who have a role in the supply chain. These only have the right to read and not the right to write related to the declarations received.
